The KAIGAN Foundation is a nonprofit foundation based in Drums, PA dedicated to providing awareness, research and support for juvenile kidney patients. The KAIGAN Foundation was established in 2016 after our son Kellen Jumper Warner was diagnosed with a rare and incurable kidney disease called "IGA Nephropathy with Crescents." Our mission is to raise awareness, alleviate costs for juvenile dialysis and kidney transplant patients, and to fund research clinics in order to promote early detection and find a cure for kidney disease. Donations and support also help to fund patient medical equipment needs, gaming stations for kidney transplant recovery clinics and iPads for dialysis clinics, along with KAIGAN Houses, Camps and Support Groups and programs to include our Blanket of HOPE Program, Holiday Gift Program, Ambassador Program and Adult Kidney Outreach Program. The KAIGAN Foundation is determined to make a difference so that another young child does not have to endure the fear, pain and medical treatments that will forever change their life.
